It feels to me like in this school
If you are less smart you are more cool

The kids who are now cool will soon be spurned
When I'm the guy with the good career
You know the girls will flock when I am near

E A C B, over and over again
I'm gonna party long, gonna party hard
Gonna have a fair in my mansion's yard

Gonna be the biggest playboy the world's ever had
Gonna make Tiger Woods look bad
Gonna have a fountain filled with beer
Gonna party hard, when I'm an engineer

But till it's time to bask in fame
To let the whole world know my name

No revenge is as sweet as I told you so
And then I'll smile and say you know
No revenge is as sweet and as lovely and as wonderful and as beautiful and as perfect as I told you so
